1. The aims of the organisation:-

We are an independent not for profit incorporated charity (No 1076375 Company No 3726471) whose geographic area of service provision is the London Boroughs of Bexley, Royal Borough of Greenwich, London Borough of Lewisham and surrounding areas.

We are a network partner of Carers Trust.

We are a specialist voluntary organisation providing a diverse range of regulated and non-regulated support services 365 days a year to *carers and people who are in need by reasons of age, ill health and disability, in particular but not exclusively those living alone* within their own home or on outside activities promoting their choice, independence, health and well-being.

We also provide services to people who wish to directly purchase a service from us as a self-funder, through Direct Payments, Individual/Personal Budgets or Personal Assistants.

As a network partner of Carers Trust we work within a national framework of policies and procedures and internal quality assurance programme. In addition support, advice and guidance are available from Carers Trust on all areas of operational activity. We have a track record of developing and delivering a range of services to meet the needs of our beneficiaries.

2. The objectives of the organisation

We are committed to provide practical and emotional support within the home or on activities outside the home in order to enable *carers and people who are in need by reasons of age, ill health and disability, in particular but not exclusively those living alone*.

We provide a diverse range of support services and will ensure that the provision of any tasks are person centred at all times.

Charitable objects:-

For the public benefit, the relief of carers and people who are in need by reasons of age, ill health and disability, in particular but not exclusively those living alone, by providing a range of support services delivered by community based staff and volunteers.

The area of benefit shall be the London Boroughs of Bexley, Greenwich, Lewisham and surrounding areas'

Mission Statement:-

To enable carers and people who are in need by reasons of age, ill health and disability, in particular but not exclusively those living alone to be recognised, supported and offered services to help them maintain independence and manage their own health and wellbeing.

Our values:-

Trust – we understand that our services only respond to our beneficiaries needs when they trust us to care for the person they support

Involvement – Our beneficiaries drive our service design and development.

Quality – we ensure that our services are high quality, flexible, responsive and continually improving.

Family friendly – we recognise that our services impacts on families and friends so we design our services with that in mind.

Availability and accessibility – we work to make our services available and accessible to as many beneficiaries as possible.

Dignity and respect – we always treat beneficiaries of our service with dignity and respect.

Working for change – we work proactively with government and policy makers at national and local level to influence legislation and practice.

3. Philosophy of Care

We respect the individuality of our beneficiaries and seek to promote their choice, independence, dignity and safety at all times. We believe that all people who use our services must have access to high quality services at all times that reflects their individual needs.

We will respect the privacy and personal choices, lifestyles, customs, cultures and values of each person for whom a service is provided and seek to involve them in the provision, management and development of services provided by us.

We provide:-

- A person centred service that works with all people accessing our services to ensure that the service is provided according to their needs.
- Senior staff that will arrange a mutually convenient time prior to the establishment of any agreed service to discuss and assess any needs and the range of services we are able to provide.
- A flexible service that can provide support when it is requested.
- A high-quality service that is audited against CQC standards
- An annual client satisfaction survey questionnaire.
- Staff, who have the underpinning knowledge and skills to work with a wide range of our beneficiaries
- Staff that are trained supervised and appraised in their job role.
